Step-by-Step Guide to Programming Your New Remote

The backlit remote control is already pre-programmed to control Amino Set Top Boxes (STB), shown here:

Amino

If you have an Amino STB, skip the instructions on this page and proceed with both sets of instructions on the back side of this page. This process must be done for every STB in your home.

If you have any of the ADB Set Top Boxes shown below, you will have to reprogram the remote control using the insructions on this page. Repeat process for every ADB STB in your home.
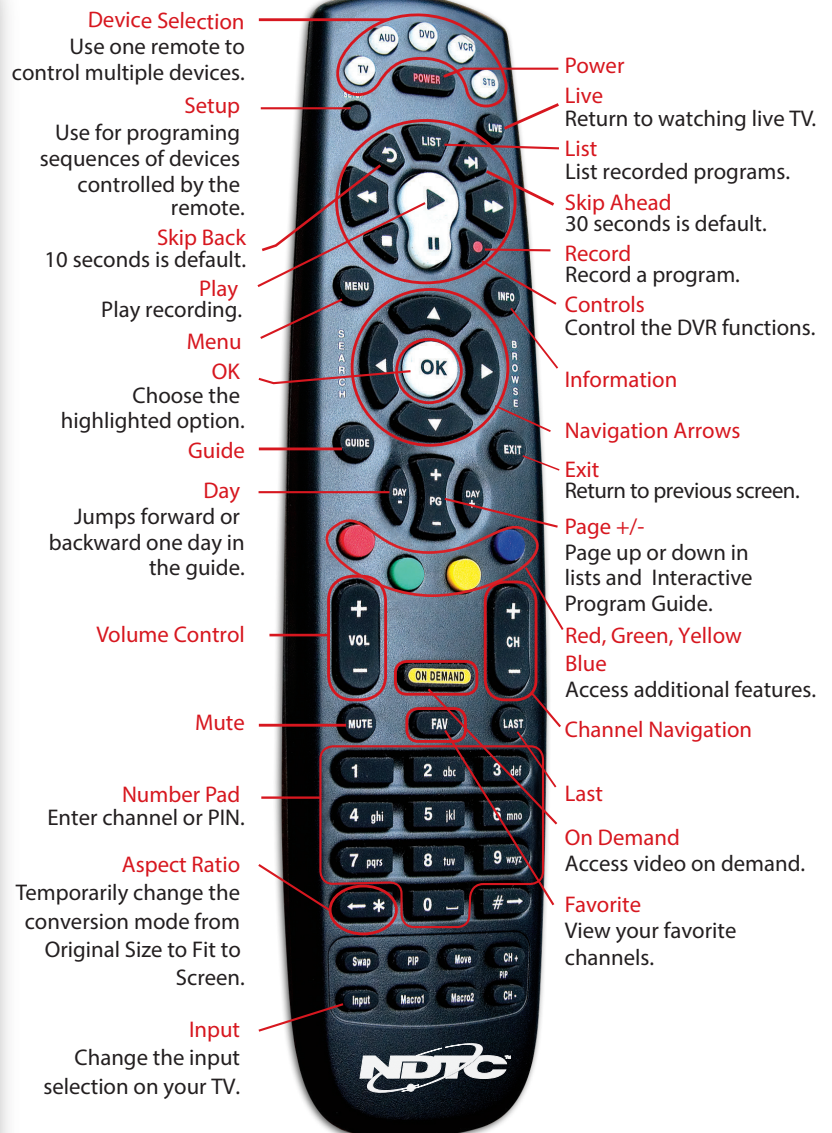

ADB 3800   ADB 3721   ADB 5721

1. Press the **STB** button to choose the STB function.

2. Press and Hold **Setup** until the STB key blinks twice.

3. Press **2254**.

4. The STB button will blink twice, indicating successful programming.

5. Follow the remote programming instructions on page 2 to continue.
