

Step-by-Step Guide to Programming Your New Remote

The Big Button remote control is already pre-programmed to control Amino Set Top Boxes (STB), shown here:

[Amino](#)

If you have an Amino STB, skip the instructions on this page and proceed with both sets of instructions on the back side of this page. This process must be done for every STB in your home.

If you have any of the ADB Set Top Boxes shown below, you will have to reprogram the remote control using the instructions on this page. Repeat process for every ADB STB in your home.

[ADB 3721](#)

[ADB 5721](#)

1. Press the **STB** button **and** the **OK/SEL** button simultaneously for 3 seconds.
2. Press **2 5 9**. The STB button will blink twice.
3. Press the **STB** button to save.

1

Program the Remote to Your TV

1. Make sure the **TV** is on.
2. Press and hold the **TV** key **AND** the **OK/SEL** key for 3 seconds - the **TV** key will stay lit.
3. Press and hold **Ch↑** key until the TV powers off.
4. Release the **Ch↑** key and press the **TV** key to save the code.

Big Button

2

Program the Master Power Control

This eliminates the need to press the “STB” and “TV” buttons when turning on the TV.

1. Make sure the TV is on.
2. Press **STB**.
3. Press and hold the **OFF** key **AND** the **OK/SEL** key for 3 seconds.
4. Press **STB**.
5. Press **OFF**.
6. Press **TV**.
7. Press **OFF**.
8. Press and hold **Ch↑** to save command - STB key will blink twice.
